PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

- 1 AN ACT *to create* 49.45 (23b) of the statutes; **relating to:** BadgerCare Plus
2 childless adults demonstration project waiver requirements.

Analysis by the Legislative Reference Bureau

This bill requires by statute the Department of Health Services to implement the BadgerCare Reform waiver as it relates to childless adults as approved by the federal Department of Health and Human Services effective October 31, 2018. The 2015-17 and 2017-19 biennial budget acts required DHS to submit a waiver request to the federal DHHS authorizing DHS to take certain actions including imposing premiums on, requiring a health risk assessment of, and time-limiting eligibility for recipients of BadgerCare Plus under the childless adults demonstration project waiver. Effective October 31, 2018, the federal DHHS approved the BadgerCare Reform waiver amendment and extension with some modifications from the request. The bill incorporates certain provisions of the federal approval into the statutes.

Under the bill, DHS must require childless adults demonstration project recipients who are at least 19 years of age but have not attained the age of 50 to participate in, document, and report 80 hours per calendar month of community engagement activities, unless they are exempt or have a temporary exemption for good cause. Qualifying community engagement activities are specified in the bill and include working for money, goods, or services, or as a volunteer, and participating in a program such as the FoodShare employment and training program or Wisconsin Works. DHS must require a recipient, as a condition of eligibility, to complete a health risk assessment and, if the recipient's household income exceeds 50 percent of the federal poverty line, pay a monthly premium of \$8 per household with some

~~***~~ Note: Please note that the waiver approval also included some premium changes for transitional Medical Assistance recipients. Those premium changes end at the end of this calendar year. This draft only includes the waiver relating to the childless adult demonstration project as required in the 2015 and 2017 biennial budget acts.

limited exceptions. The household premium is reduced if a recipient reports on the health risk assessment that he or she is not engaging in certain behaviors that increase health risks or is actively managing certain unhealthy behaviors. DHS must disenroll a recipient for six months if the recipient does not pay the required premium or, if the recipient is not exempt, does not participate for 48 aggregate months in the community engagement activity.

DHS must charge recipients an \$8 copayment for nonemergency use of the emergency department and must comply with other requirements imposed by the federal DHHS in its waiver approval effective October 31, 2018. The requirements in the bill must end no sooner than December 31, 2023, and the bill prohibits DHS from requesting suspension or termination of the childless adults demonstration project requirements before that date unless the legislation has been enacted specifically allowing for suspension or termination.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

PRELIMINARY DRAFT - NOT READY FOR INTRODUCTION

- 1 **AN ACT** *to create* 49.45 (23b) of the statutes; **relating to:** BadgerCare Plus
2 childless adults demonstration project waiver requirements.

Analysis by the Legislative Reference Bureau

This bill requires by statute the Department of Health Services to implement the BadgerCare Reform waiver as it relates to childless adults as approved by the federal Department of Health and Human Services effective October 31, 2018. The 2015-17 and 2017-19 biennial budget acts required DHS to submit a waiver request to the federal DHHS authorizing DHS to take certain actions including imposing premiums on, requiring a health risk assessment of, and time-limiting eligibility for recipients of BadgerCare Plus under the childless adults demonstration project waiver. Effective October 31, 2018, the federal DHHS approved the BadgerCare Reform waiver amendment and extension with some modifications from the request. The bill incorporates certain provisions of the federal approval into the statutes.

Under the bill, DHS must require childless adults demonstration project recipients who are at least 19 years of age but have not attained the age of 50 to participate in, document, and report 80 hours per calendar month of community engagement activities, unless they are exempt or have a temporary exemption for good cause. Qualifying community engagement activities are specified in the bill and include working for money, goods, or services, or as a volunteer, and participating in a program such as the FoodShare employment and training program or Wisconsin Works. DHS must require a recipient, as a condition of eligibility, to complete a health risk assessment and, if the recipient's household income exceeds 50 percent of the federal poverty line, pay a monthly premium of \$8 per household with some

limited exceptions. The household premium is reduced if a recipient reports on the health risk assessment that he or she is not engaging in certain behaviors that increase health risks or is actively managing certain unhealthy behaviors. DHS must disenroll a recipient for six months if the recipient does not pay the required premium or, if the recipient is not exempt, does not participate for 48 aggregate months in the community engagement activity.

DHS must charge recipients an \$8 copayment for nonemergency use of the emergency department and must comply with other requirements imposed by the federal DHHS in its waiver approval effective October 31, 2018. The requirements in the bill must end no sooner than December 31, 2023, and the bill prohibits withdrawal of the requirements and DHS from requesting withdrawal, suspension, or termination of the childless adults demonstration project requirements before that date unless the legislation has been enacted specifically allowing for withdrawal, suspension, or termination.

The bill requires DHS to implement the childless adults BadgerCare Reform waiver by no later than November 1, 2019. If DHS is unable to fully implement the project reforms by November 1, 2019, DHS may request from the Joint Committee on Finance an extension not to exceed 90 days in a written submission that includes a report on the progress toward implementation of the project and the reason an extension is needed, which JCF will review under its 14-day passive review process. If JCF determines that DHS has not complied with the implementation deadline, has not made sufficient progress in implementing the BadgerCare Reform waiver, or has not complied with other requirements under this bill relating to approved waiver implementation, JCF may reduce from moneys allocated for state operations or administrative functions DHS's appropriation or expenditure authority, whichever is applicable, or change the authorized level of full-time equivalent positions for DHS related to the Medical Assistance program.
